Inventorship

In view of the papers filed 2-16-03, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by adding Chris Noel Fredericks as an inventor. It is noted that 37 CFR 1.48(b) requires the newly added inventor to sign the state of error without deceptive intent. However, the statement was signed by Applicant's representative and the consent of the assignee to change inventorship was submitted.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of the file jacket and PTO PALM data to reflect the inventorship as corrected.
